The Sights And Sounds Of The Hospice Vehicle Display

Waterlea Racecourse was once again the venue for the annual Hospice Vehicle Display. This year's event took place on March 13th, the large crowd attending proof of its popularity. It's getting bigger and better each year, and gaining an increased following.

Those coming through the gates would have found plenty of things of interest. There were vehicles, both classic and modern, and some from the agricultural sector. Also motorbikes, classic and clinker boats, highland pipe band entertainment, and refreshments. A real family atmosphere.

This year's turn-out was a record breaker. The more more than 380 exhibits were well in excess of previous years. And the day's takings were well up on years before, with a most impressive \$7,600 being raised in support of Hospice Marlborough.

It is pleasing to see the public so keenly embracing the occasion. A huge thank you. And thanks also to those who put their vehicles on display, several owners made a special effort, coming from outside the Marlborough province to attend. And to the volunteers, the helpers and supporters, our thanks. In the words of Classic Motoring Society's Pat Pascoe, the convener of the display.... **"It's a good cause, and hopefully we never need the hospice, but we are doing it for the community. It's just our little contribution."**
